DEVOPS FOR DEVELOPERS

Apress. Paperback. Book Condition: New. Paperback. 160 pages. DevOps for Developers delivers a practical, thorough introduction to approaches, processes and tools to foster collaboration between software development and operations. Efforts of Agile software development often end at the transition phase from development to operations. This book covers the delivery of software, this means the last mile, with lean practices for shipping the software to production and making it available to the end users, together with the integration of operations with...
