Reviews

Merely no terms to spell out. We have read through and i also am confident that i will gonna read yet again again in the future. You will not sense monotony at anytime of your own time (that's what catalogs are for about should you question me).

Rowman & Littlefield Publishers. Paperback. Book Condition: New. This item is printed on demand. Paperback. 278 pages. Charles Darwin published his monumental treatise *The Origin of Species* in 1859. It has proved to be a major contribution to scientific theory but highly contentious as well. In the United States, more than in any other country, Darwin's theory of evolution became, and remains, a matter of political controversy, from the famous monkey trial of 1925 to efforts, even in the 21st century, to diminish its influence in American public schools. Many people think of the Darwinian disputes as a matter of science versus religion. This book looks back to the first half-century or so of the Darwinian reception in the United States and portrays a much more complex situation. It shows that among many religious thinkers evolution received a welcome and formed the basis of a new theology. *The Evolutionists* reminds us that America's most prominent scientist furnished a thoroughgoing criticism of Darwin. The book has a special feature in its chapter structure. After examining the pre-Darwinian world of European science and then reviewing the career of Darwin, it offers pairings of American thinkers in the several categories of American thought where Darwinian ideas had their largest impact. Thus, reviewing the scientific reception of Darwin it compares Louis Agassiz and Asa Gray; among Orthodox Protestants Charles Hodge and James McCosh; in Protestant Liberalism, Henry Ward Beecher and John Bascom. It reviews evolution's impact on American sociology through William Graham Sumner and Lester Frank Ward, and on feminism, the ideas of Charlotte Perkins Gilman and Eliza Burt Gamble. A chapter on Methodologies pairs Thorstein Veblen with Oliver Wendell Holmes, Jr., and the concluding chapter on philosophy examines William James and John Dewey. This item ships from La Vergne, TN. Paperback.
