

The Lake Geneva Chronicles: A Brief Philosophical Journey (Paperback)

Filesize: 4 MB

Reviews

This type of publication is every thing and helped me seeking ahead and much more. It usually fails to charge too much. It is extremely difficult to leave it before concluding, once you begin to read the book.

(Juliet Mertz)

THE LAKE GENEVA CHRONICLES: A BRIEF PHILOSOPHICAL JOURNEY (PAPERBACK)

[DOWNLOAD PDF](#)

Blue Dolphin Publishing, United States, 2014. Paperback. Book Condition: New. 2nd Revised edition. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Bela Kornitzer, the renowned Hungarian-American journalist and historian, once very perceptively wrote that: the essence of democracy is reflected in the tolerant democratic attitude that prevails in the typical American family, and in the moral strength handed down by their forebears. These wholesome words helped inspire the essential hypothesis attendant throughout The Lake Geneva Chronicles.Although the story is a work of fiction, the basic story line is based very much on the history of the author s paternal grandparents who immigrated to America during the early part of the 20th century from central Europe, and in time settled within a lovely community in WisconsinAttempting to persuasively illustrate the philosophy which generally promotes a fuller and more meaningful life -and which, incidentally, has been wholeheartedly embraced by five generations of Mrs. DiMare s family - The Lake Geneva Chronicles is a loving tribute to the sacredness of family, the rare beauty of genuine friendship, the love of God and country, the utter baseness of child abuse in any form, and the profound importance that Freedom and Democracy continue to play in our greatly troubled world. No less relevant is the honor justly paid to the sublime gifts of Music, Art, and Literature, since it is these nurturing entities that perennially spring forth from the creative artistic spirit to enrich the spirits of others.For far too many years now this country s statisticians, poll-takers, and political pundits have been assuring us that the traditional family is becoming extinct. Although there is significant factual evidence to support this foreboding statement, the author s own optimistic nature believes that the pendulum of positive change is about to...
