Triumph Daytona 2003-2009: a Brooklands Road Test Portfolio (Paperback)

By -

Brooklands Books Ltd, United Kingdom, 2012. Paperback. Book Condition: New. 278 x 208 mm. Language: English . Brand New Book. This portfolio of international articles reports on the liquid cooled in-line 4-cylinder sports bikes which were first introduced in 2003. Triumph began development of a three-cylinder 675cc supersports machine in 2000, alongside the 955i Daytona triple. The first 675 engine was tested on the dyno in 2003 and the first pre-production prototype took to the streets in 2004. The new triple boasted a 10bhp power boost over the 650 with no weight penalty - Triumph had finally found the right formula for their world class middleweight. When the 675 was launched in 2006, demand outstripped supply. The 675 has been hailed as the best British sportsbike ever and, possibly, one of the greatest sportsbikes of all time. Articles include first rides, new model introductions, road and comparison tests, technical report, full specifications and performance data, plus a comprehensive buying guide which offers advice on acquiring a good pre-owned Daytona.

Reviews

Merely no words to spell out. It is amongst the most awesome publication i have read. Your life span will likely be transform as soon as you full reading this book.

-- **Marvin Okuneva**

Completely among the best publication I have got at any time go through. I have got go through and so i am confident that i will likely to read again once more down the road. It is extremely difficult to leave it before concluding, once you begin to read the book.
