### Reviews

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.*

Amberley Publishing. Paperback. Book Condition: new. BRAND NEW, Britain's Forgotten Film Factory: The Story of Isleworth Studios, Ed Harris, The story of Isleworth Studios is essentially that of the British film industry from 1914 to 1952. Beginning with the first British Sherlock Holmes screen adaptation and ending with its Oscar-winning swansong, *The African Queen*, in the intervening years it was one of the most technically advanced studios in the country and home to some of the best and the worst examples of British cinema. It experienced the transition from silent films to talkies. Britain's only movie mogul, Alexander Korda, arrived, looking to rival Hollywood, followed by Douglas Fairbanks Jr looking to rival Korda. Buster Keaton struggled with alcoholism; Richard Burton made his screen debut; Bogart, Hepburn and Huston made a classic; and Emeric Pressburger directed his first and only film at Isleworth. Little by little the old dream factory's physical shape is now crumbling or altered, or is disappearing altogether. Soon it may be gone. Isleworth Studios has a history worthy of more than just an addendum in the annals of the British film industry. This is its story told for the very first time.
