Reviews

A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be the best ebook for possibly.

In every proposition presented for your assent, inquire whether the words accurately represent the thoughts--whether your ideas on the subject are distinct--whether there is any biassing motive latent in your mind. Thoroughly examine the evidence--then decide. 2nd. --If, after having used every precaution mentioned in the former rule, you find your ideas obscure, or the evidence deceptive, suspend your Judgment until these shall have been obviated. 3rd. --Never expect a greater degree, nor a different kind, of evidence, than that which the proposition admits, or the circumstances demand. 4th. --We ought not to deny what is evident because we cannot comprehend what is obscure. 5th. --Whatever we clearly and distinctly perceive, as contained in our idea of any objectivity--if due precautions have been employed in forming our ideas--may be, potentially, affirmed of that objectivity. CHAPTER X. RATIOCINATION. Every man is born to search for Truth, and to make free his nature from confusion and doubt. --Mendelssohn. The writer professes no more than to lay down, candidly and freely, his own conjectures concerning a subject lying somewhat in the dark, without any other design than an unbiased inquiry after Truth. --Locke. The laws of our rational faculty, like those of every other natural agency, are only learned by seeing the agent at work. --Mill. Logic depends, for its first principles, upon an investigation of the laws of thought, and hence a knowledge of Mental Philosophy, in so far as it informs...
