Sage Publications Ltd, United Kingdom, 2009. Hardback. Book Condition: New. 244 x 170 mm. Language: English . Brand New Book. Calling all lecturers: your jobs depend on books like this. You know that international students are a vital source of money for UK universities. Many of your masters courses - the ones you really enjoy teaching - would collapse tomorrow without students from around the world. This book is about how to help these students succeed. (Times Higher Education). A superb book which contains a wealth of ideas and strategies for use in the EAP classroom or for self-study. It should be compulsory reading for any student seeking to enter Higher Education in an English-language speaking country . (Alison Standring, EAP Co-ordinator, London School of Economics and Political Science (LSE)). Read, Research, Write definitely fills a gap. It is comprehensive, accessible and expertly researched and written, covering many essential aspects of academic competence. Equally useful as a course book, a resource book in a class library or as a reference book for students, every EAP teacher will want a class copy, every ESL student starting higher education should keep it on their desk! . (Dr Roger Nunn, Senior Associate Editor, the Asian EFL Journal, Associate Professor in Communication, Petroleum Institute, Dubai). Read, Research, Write takes a novel approach to combining language and content so as to balance discipline-specific and generic language development. Valuable and engaging input on learning strategies and research skills for higher education is also included. I would recommend this book for teachers of EAP in a range of contexts . (David Palfreyman, Zayed University, Dubai). This book is for students who have learnt English as a second (or third, or fourth) language, and are studying at an institution where English is the medium of instruction. Each of its...
